Moulton Amendment to AB 76

Hey Joe,

Last session you drafted an amendment to AB 798 for us. It was a property tax credit from revenue created by an increase in the tipping fee. Rep. Black has introduced a similar bill this session, AB 76. However, the new bill changes the formula for how funds from the recycling funds are allocated and would allow responsible municipalities to receive more than 100% of their net eligible recycling costs. In the case of some counties or cities, they go well over 100%.

If we can do it, we would like you to draft an amendment to the bill that would require that any municipality that goes over 100% of their net eligible costs paid through the state recycling grant would have to pass the excess funds directly onto the property taxpayer through a tax credit to automatically appear on their property tax bill. Let me know if this is do-able.

Thanks,

Matt
